I told you it would not last.

This ideal two-bedroom plus study unit in a well-located secure complex is a great option to renovate or is OK to live in now, featuring a semi-ensuite bathroom from the main bedroom, a large lounge/dining area which leads to a generous-sized balcony overlooking the pool and BBQ area. This great investment or first home also features an alarm system, reverse cycle air-con, parking for one possibly two with spare parking bays, and this 88sqm home has no common walls. You won't find better value at this price.
