## Under Contract! More wanted.

Street Front Villa with no Common Walls

On 295sqm of land is this street front free-standing 1990's built villa with three bedrooms and two bathrooms.

Well maintained with three large living areas and excellent separation of bedrooms.

All bedrooms have built in robes and the second bathroom has a full sized bath!

Facing north, the home is filled with light.

Privacy is assured with brick fencing all around the property,

Truly this is a delight, no stairs to climb, no common property and a great location.
